Deepak Kaligotla

Mobile App Developer | Android (Kotlin) & iOS (SwiftUI)

Passionate mobile developer with 6+ years in tech, including 1+ year building polished, production-ready Android and iOS apps using MVVM, Jetpack Compose, SwiftUI, and Firebase. Proven experience shipping real apps, following modern UI/UX principles, and working across the full development lifecycle.

PROJECTS

📱 Mobile Permissions App

- Comprehensive financial tool with FD, RD, Loan, and Tax calculators.
- Implements local data storage, real-time interest breakdown, and crisp Material 3 UI.
- Firebase Crashlytics + Analytics integrated for crash tracking and usage.
- Version ready for Play Store; iOS version in progress using SwiftUI.

Android · *Kotlin + Compose + MVVM* –

📱 Mobile Permissions App

- Built native Android (Jetpack) and iOS (SwiftUI) apps to demonstrate all runtime permissions.
- Android: Camera, Microphone, Location, Contacts, Phone, SMS, Call Logs, Biometrics, Sensors, Notifications, Physical Activity, and more.
- iOS: FaceID, Siri, Apple Music, Bluetooth, HealthKit, NFC, Microphone, Photos, Reminders, Network Access, File Manager, and more.
- Implemented permission request flows, current status checks, user handling for denied permissions, and live data access examples.

EXPERIENCE

Tavant	Bangalore	August 2024 – March 2025
ITC Infotech	WFH	July 2021 – July 2022
Tech Mahindra	Hyderabad	August 2018 – May 2020
Genpact	Hyderabad	July 2017 – June 2018
HCL	Noida	February 2017 – July 2017
HP Enterprise	Bangalore	June 2015 – January 2017

EDUCATION

CDAC, Pune, India — *PG Diploma (Mobile Computing)*
15th Sep 2022 - 15th Mar 2023

JNTU-K, India — *B.Tech (Electronics & Communication)*
Sep 2010 - Oct 2014

SKILLS

Languages & Platforms:
Swift (iOS), Kotlin, Java (Android)

Mobile Development Tools:
Android Studio, Xcode

Architecture & Patterns:
MVVM, MVC

APIs & Backend Integration:
RESTful APIs, JSON parsing, Firebase (Auth, Firestore, Storage), URLSession, Retrofit, Alamofire, Google cloud services

Testing & Debugging:
Firebase Crashlytics

Version Control & CI/CD:
Github

CERTIFICATIONS

BitCode Technologies, Pune
Android course
iOS course

Google Cloud Platform (GCP)

Cloud Digital Leader
Associate Cloud Engineer
Professional Cloud Developer

Microsoft Azure

AZ-900: Azure Fundamentals
AZ-204: Azure Developer Associate
AZ-400: Azure DevOps Engineer Expert

Google Play Store
Play Store Listing Certification
